Application for Mobile Application Development

Dear **Sir/Madam**,

I read the opportunity description for **Mobile Application Developer** with great interest and would like to learn more about it.

To give you a brief overview of my skillset – I have been working on **Flutter** and **Android** Development from **1 Year** and have contributed to various projects.

I have **enjoyed** developing **Flutter** Applications. Moreover, I also enjoyed while developing **android** application using **Java** programming. On learning front, I have accomplished **UDEMY's** executive education on "**Flutter & Dart - The Complete Guide**" from where I learned Android Development. Moreover, I have learned Flutter from "YouTube", and "Flutter Website - **Documentation**".

- Wrote **tutorials** on object oriented programming for use by newbies.
- Corrected **issues reported** by the customer.

I am Udemy Certified and a **Bachelor of Science in Information Technology** (2022). On technical side, I am **Android & Flutter Mobile Developer**. Prior to Development, I have worked as an **Internee** in IT Department, Customer Support, Bahria Town Phase 8, Rawalpindi. I have a total of **3 months'** industry experience.

If the position is still available and you feel I may be a possible fit, please let me know.

Kind regards,

MUHAMMAD ATIF WAHEED
